

HMS CQI Performance Index & Scoring - 2014

	Measure	Max Points	Score
1	Timeliness of HMS Data	15	
2	Completeness & Accuracy of HMS Data	15	
3	Meeting Participation – clinician lead	10	
4	Meeting Participation – data abstractor	10	
5	VTE QI Activity	10	
6	VTE Risk Assessment	10	
7	Pharmacologic VTE Prophylaxis	15	
8	Mechanical VTE Prophylaxis	15	
TOTAL		100	

	Measure	Points Earned
1	<i>Timeliness of HMS Data</i> ¹	
	On time ≥ 95%	15
	On time 76% - 94%	10
	On time 50% - 75%	5
	On time < 50%	0
2	<i>Completeness¹ and Accuracy² of HMS Data</i>	
	≥ 95%	15
	76% - 94%	10
	50% - 75%	5
	< 50%	0
3	<i>Consortium-wide Meeting Participation³ – clinician lead or designee</i>	
	All meetings	10
	More than ½	7
	More than 0	5
	No meetings	0
4	<i>Consortium-wide Meeting Participation³ – data abstractor or QI/admin lead</i>	
	All meetings	10
	More than ½	7
	More than 0	5
	No meetings	0
5	<i>QI Activity⁴</i>	
	Responded to data with changes in process or achieved HMS VTE Goals	10
	Data has been shared with VTE Committee	7
	VTE Committee has been created & is actively meeting ⁵	5
	No Activity	0
6	<i>VTE Risk Assessment Completed (on admission)⁶</i>	
	90-100% of patients assessed for risk on admission	10
	80-89% of patients assessed for risk on admission	7
	70-79% of patients assessed for risk on admission	5
	< 70% of patients assessed for risk on admission	0
7	<i>Appropriate Pharmacologic Prophylaxis Given (on admission)⁶</i>	
	75-100% of patients at risk for VTE not at risk for bleeding	15
	60-74% of patients at risk for VTE not at risk for bleeding	10
	40-59% of patients at risk for VTE not at risk for bleeding	5
	0-39% of patients at risk for VTE not at risk for bleeding	0
8	<i>Mechanical Prophylaxis Ordered (on admission)⁶</i>	
	80-100% of patients at risk for VTE also at risk for bleeding	15
	60-79% of patients at risk for VTE also at risk for bleeding	10
	40-59% of patients at risk for VTE also at risk for bleeding	5
	0-39% of patients at risk for VTE also at risk for bleeding	0

¹ Assessed at year end based on data submitted during calendar year 2014

² Assessed at site audits (average 1-2 per year)

³ Based on all meetings scheduled during calendar year 2014

⁴ Based on semi-annual survey response

⁵ Minutes from most recent meeting will need to be sent with the semi-annual survey and the VTE Committee is expected to regularly maintain minutes for all meetings. For new sites that join HMS after September 2013, full credit (10 points) will be achieved by having a VTE Committee by January 2014. (First meeting must take place no later than January 2014.)

⁶ Assessed at year end based on final quarter of data submitted during calendar year 2014 (discharges from Q3 2014). Sites joining after September 2013 will get full credit for measure 6 by achieving 80%. For measures 7 & 8, these sites will get full credit for achieving at least 60% and ½ credit for 40-59%.
